International broadcasting from Canadian-based stations

Bible Voice Broadcasting

From the High Adventure Gospel Communication Ministries Canada website: "In 1979 High Adventure began as a ministry dedicated to the installation and operation of a strategic radio station in and for the Middle East. The Voice of Hope enjoyed support from the Christian community across the world as its daily multi language broadcasts reached into hearts and homes in 32 countries from its Medium and Shortwave radio transmitters in South Lebanon. From the beginning, High Adventure Canada enjoyed the help of Canadian individuals to support this strategic radio ministry that eventually grew into a global shortwave radio broadcast system. In 2000, a ministry restructuring process brought about change that led to growth and focus. High Adventure Canada widened its shortwave radio reach, utilizing larger and more strategically located transmitters that expanded its coverage dramatically airing programming under its Bible Voice Broadcast signature. High Adventure also expanded its focus to include indigenous partnerships that added building and supported FM radio in select international city communities. High Adventure FM radio partners now include Middle East, Africa and Indonesia".

United States of America

United States Agency for Global Media (USAGM)

USAGM's mandate comes from multiple pieces of legislation. It is accountable to six bipartisan House and Senate committees. As a federal agency, USAGM's budget request is part of the President's Budget request to the Congress. It provides multimedia broadcast distribution, as well as technical and administrative support to the broadcasting networks. It manages a global network of transmitting sites and an extensive system of leased satellite and fibre optic circuits, along with a rapidly growing Internet delivery system servicing all USAGM broadcasters. It is also the administrative and marketing arm of the Agency. USAGM also oversees five networks: two federal organisations - the Voice of America and the Office of Cuba Broadcasting, which oversees Radio and TV Martí - and three non-profit organisations - Radio Free Europe/Radio Liberty, Radio Free Asia and the Middle East Broadcasting Networks - which receive grants from USAGM.

Voice of America

Voice of America (VOA) is an American international broadcaster funded by the United States Congress. It is the largest and oldest U.S. funded international broadcaster. VOA produces digital, TV, and radio content in 47 languages which it distributes to affiliate stations around the globe. It is primarily viewed by foreign audiences, so VOA programming has an influence on public opinion abroad regarding the United States and its people. VOA is headquartered in Washington, D.C., and overseen by the U.S. Agency for Global Media (USAGM).

VOA's "Flashpoint Global Crisis" is rebroadcast by WRMI at 1930-2000 Monday-Friday on 15770 kHz. It was previously called "Flashpoint Ukraine" and was crowdfunded before becoming an integral part of the WRMI schedule.

Radio Free Europe / Radio Liberty

Radio Free Europe/Radio Liberty (RFE/RL) is a United States government-funded organisation that broadcasts and reports news, information and analysis to countries in Eastern Europe, Central Asia, Caucasus and the Middle East where it says that "the free flow of information is either banned by government authorities or not fully developed". RFE/RL is a private, non-profit 501(c) corporation supervised by the U.S. Agency for Global Media, an independent government agency overseeing all U.S. federal government international broadcasting services. The organisation has been headquartered in Prague, Czech Republic since 1995. The broadcast of Radio Svoboda at 0400-0500 is provided by Radio Miami International

USAGM target broadcasts on shortwave to Afghanistan and Pakistan

VOA and RFE/RL have several broadcasts directed to Afghanistan and Pakistan on shortwave. These are:

- VOA Pashto and VOA Dari (also known as Radio Ashna).
- Deewa (Light) Radio is a Voice of America service in Pashto for the Afghanistan-Pakistan border region.
- Radio Free Afghanistan (Radio Azadi) is the Afghan service of Radio Free Europe/Radio Liberty.
- Radio Mashaal ("Mashaal" meaning "Torch" in Pashto) broadcasts in local Pashto dialects to Pakistan and the border regions between Afghanistan and Pakistan.

Middle East Broadcasting Networks

MBN is an Arabic-language news organisation with a weekly audience of 27.4 million people in 22 countries in the Middle East and North Africa. Freedom House deemed 21 of these countries to be “not free” or “partly free” in 2018. MBN networks expand the spectrum of ideas, opinions and perspectives in the region and engaging audiences to share perspectives. MBN consists of two television networks (Alhurra and Alhurra-Iraq); Sawa radio; Alhurra.com; RadioSawa.com; Irfaasawtak.com; MaghrebVoices.com; EISaha.com and various social media platforms. The networks broadcast news and information from their headquarters in Northern Virginia, along with bureaus and production centers in Cairo, Dubai, Jerusalem, Beirut, Erbil, Rabat, Tunis, and Washington, D.C. MBN also has correspondents throughout the Middle East and North Africa. MBN’s networks provide an undistorted line of communication with the people of the Middle East and North Africa. Alhurra and Alhurra-Iraq are 24/7 Arabic-language television networks that provide news and analysis to more than 19.9 million viewers each week. Its in-depth discussion programs provide points of view from throughout the region and the U.S. Sawa radio has two dedicated streams, one to Iraq and the other to Sudan. It is available via FM in those countries and broadcasts a wide range of newscasts, discussion programs and call-in shows daily on each stream. MBN operates under a grant from USAGM (information as per www.usagm.gov/networks/mbn).

Alhurra documentaries in Arabic on 15445 kHz: As was the case for B23, there is an entry in the HFCC A24 registrations on 15445 kHz for a USAGM transmission from Kuwait (250 kW) at 1600-1700 and broadcast to CIRAF zones 47 and 48, which indicates Sudan. Strangely, the language code shown is "Cmn", which is Chinese. However, monitoring of the broadcast shows that it is actually in Arabic and appears to match the Radio Sawa-Sudan live stream at radiosawa.com/listen/radio-sawa-sudan. The daily programme content seems to consist of documentaries only, rather than any rolling news and reports that would seem to be more appropriate for Sudan, and the only mentions made during the hour are for "Alhurra", no ID's have been heard for "Radio Sawa". The programmes are not heard on the Alhurra live stream at the same time, so they seem to be Alhurra-produced documentaries being broadcast by Radio Sawa-Sudan between 1600-1700

New Radio Marti broadcast to Ukraine in Spanish:

A new broadcast from Radio Martí in Spanish has been discovered by Glenn Hauser. First heard on 11 March 2024 and is on air from Greenville, North Carolina, on 17680 kHz between 1700-2100. Apparently it is aimed at Cubans fighting for Russia in Eastern Ukraine. Subsequently confirmed by several other DXers. Peter Hansen later reported that IBB Monitoring states the schedule as Monday-Friday at 1700-2100 on 17680 kHz and Saturday/Sunday at 1300-1700 on 17865 kHz. (reports posted to World of Radio IOG)

WJHR Radio International

Owner: Brother Scott Mock (Hill Radio International)

From the website of the True Gospel Independent Baptist Church (<http://mytgibc.com/Missions.php>): "WJHR Radio is a short wave radio station that broadcasts the gospel of Jesus Christ around the world. The station has received letters from Russia, Italy, Germany and South America to just name a few. WJHR broadcasts nothing but preaching 24 hours a day 7 days a week. The station was built and is maintained by Brother Scott Mock who is a faithful member of True Gospel Baptist for many years. If you would like to support or desire more information you can contact Brother Mock through the church or at the radio stations email address: WJHR@usa.com"

Transmitter site: Milton, Florida (50 kW registered but likely to be much lower power - using amateur radio equipment)

<i>Time/UTC</i>	<i>Days</i>	<i>Language</i>	<i>kHz</i>	<i>Transmitter site</i>	<i>Target area</i>
1300-2100	irregular	English	15555-usb	Milton FL	North America

Note: frequency may sometimes fall to 15550 kHz

Background: From DXing.info, 12 December 2009, edited 16 December 2009): WJHR testing for months before regular shortwave broadcasts: A new Christian shortwave station has begun test transmissions in Milton, Florida. WJHR started test broadcasts in mid-November, and will continue testing daily on 15550 kilohertz on the 19 meter band. Tests are conducted at different times between the timeframe of 1500-2300 UTC (from 9 a.m. to 5 p.m. Central time), says station owner Scott Mock in an interview with DXing.info. Mock hopes to be able to begin regular broadcasts in March or April 2010, when frequency may be changed to somewhere around 13.8 MHz. Even during regular operation, WJHR will continue to broadcast only during local daytime hours. WJHR is a Christian radio station and plans to air programming by fundamentalist Baptist churches. "Right now I am financing it myself, but eventually churches will be donating money to keep it on the air," Mock explains. Unused airtime will be available for others as well. "If people want to buy airtime, we'll certainly sell it," Mock says. A 50-kilowatt transmitter and an antenna directed north are located in Milton, close to Pensacola in the Florida Panhandle. Mock says he has had some antenna problems, and is currently in the process of getting the antenna replaced. Transmitter power is now around 10 kW, but will increase to the maximum 50 kW by the time regular broadcasts begin. There is no studio, and all programming is pre-recorded. "It's not a fancy operation, but it gets the job done", Mock describes to DXing.info. Unlike nearly all other shortwave broadcast stations, WJHR plans to transmit only on SSB. Current tests can be heard on the upper side band (USB). SSB is used because "it is far more economical and almost everyone can receive SSB", Mock explains. Mock says he really wants to hear from DXers how well the signal is getting out, and he will be printing QSL cards next year. Reception reports are welcome by email to wjhr@usa.com or by writing to Radio Station WJHR, 5920 Oak Manor Drive, Milton, FL 32570, USA. (DXing.info, December 12, 2009, edited on December 16, 2009)

WMLK Radio

Owner: Assemblies of Yahweh

WMLK takes its name from MLK, representing the consonants of the Hebrew word "malak", meaning a "messenger" or angel. WMLK Radio had been off air since a fire in 2017 but returned in June 2022.

Transmitter site: Bethel, Pennsylvania.

WRNO Worldwide

Owner: Robert Mawire Ministries (<http://www.goodnewsworldoutreach.com/>)

WRNO (also known as WRNO Worldwide) is a commercial shortwave radio station which began international broadcasting on 18 February 1982 and continued regular broadcasting through the early 1990s from Metairie, Louisiana, with a continuation of periodic broadcasts starting in 2009. The WRNO call letters are still in use by the New Orleans station WRNO-FM; both were founded and originally owned by Joseph Costello III. Dr Robert Mawire's Facebook page says: "Dr Robert Mawire, Founder and President of WRNO, a Worldwide Global Broadcasting Platform, Gerizim Technologies and Good News World, a humanitarian organization serving 25 countries, author of "Top Secrets Revealed." He is a speaker of extraordinary demand from both governments and private organizations. His work has been featured on many National Television Networks and in newspapers worldwide"

Overcomer Ministry (Brother Stair)

The Overcomer Ministry website explains "From a small farm in the state of South Carolina in the United States of America, Brother Stair trumpets the message of the soon return of the Lord Jesus Christ. It is from his radio room that the Last Day Prophet of God is reaching every nation of the world. One message he has preached faithfully for over forty years and that is ... "Jesus Christ is Coming in your Lifetime. This is the Last Generation, The Last Hour. Prepare to Meet your God!". Ralph Gordon Stair (3 May 1933-3 April 2021), also known as Brother R. G. Stair, or simply Brother Stair, was an American radio evangelist based in Walterboro, South Carolina. Despite his death, the ministry continues to buy airtime on several transmitters to broadcast programmes which include many past recordings of Brother Stair. The Overcomer Ministry buys airtime on several other shortwave stations, such as WBCQ, WINB, WRMI, WWCR, Spaceline Bulgaria and Channel 292 - see <https://overcomerministry.org/radio-schedule/> for further details.

Pan American Broadcasting

The purpose of Pan American Broadcasting "is to partner and assist ministries in their endeavor to proclaim and share the Gospel worldwide; providing ministries with radio, television and Internet broadcasting opportunities, thereby helping ministries achieve their goals of witnessing the greatest gift to mankind, Salvation".

University Network

William Eugene Scott (14 August 1929-21 February 2005) was an American pastor and teacher who served for almost 50 years as an ordained minister and broadcaster in Los Angeles, California. In 1975, Scott began a series of broadcasts which resulted in the creation of the University Network. By 1983, this network was broadcasting his sermons 24 hours a day via satellite to the United States and Canada, as well as to much of Mexico and the Caribbean. By 1990, his network was available to 180 countries, and by 1992 his sermons were being broadcast in several languages on AM, FM and shortwave radio. Drawing from nearly 30 years of recorded programming, Scott's radio, satellite and television ministry continues to be broadcast, although on different stations and at different times. Melissa Scott, his second wife from August 2000 until his death, is the successor of his ministry and President of the University Network.
